

CHÂTEAU TRONQUOY

2023

A VINTAGE OF CHANGING SKY

2023 was punctuated by rainy weather throughout the growing season. The terroir of Tronquoy showed great resilience and the harvest was healthy and generous.

Under mild, temperate skies, the berries gradually gained concentration. The heatwave in late August allowed the grapes to reach optimal ripeness.

The estate's full of character grape varieties showed remarkable delicacy. Château Tronquoy 2023 particularly sets the light on its Petit Verdot. The Blanc de Tronquoy 2023 stands out by the tension and elegant minerality of its Sauvignon Gris.

Pursuing the mission of its founder, the estate frees itself from conventions and surprises with singular grape varieties. It is in the unexpected that Tronquoy thrives the most.

CHÂTEAU TRONQUOY
